Important Information

Please read this manual carefully before using the software. If the software will be used by children, the manual should be read and explained to them by an adult.

Also, before using this software, please select ⚠️ in the HOME Menu and carefully review content in "Health and Safety Information." It contains important information that will help you enjoy this software.

You should also thoroughly read your Operations Manual, including the "Health and Safety Information" section, before using this software.

Please note that except where otherwise stated, "Nintendo 3DS™" refers to all devices in the Nintendo 3DS family, including the New Nintendo 3DS, New Nintendo 3DS XL, Nintendo 3DS, Nintendo 3DS XL, and Nintendo 2DS™.

⚠️ CAUTION - STYLUS USE

To avoid fatigue and discomfort when using the stylus, do not grip it tightly or press it hard against the screen. Keep your fingers, hand, wrist, and arm relaxed. Long, steady, gentle strokes work just as well as many short, hard strokes.
Important Information
Your Nintendo 3DS system and this software are not designed for use with any unauthorized device or unlicensed accessory. Such use may be illegal, voids any warranty, and is a breach of your obligations under the User Agreement. Further, such use may lead to injury to yourself or others and may cause performance issues and/or damage to your Nintendo 3DS system and related services. Nintendo (as well as any Nintendo licensee or distributor) is not responsible for any damage or loss caused by the use of such device or unlicensed accessory. CTR-P-EDHE-USZ-00
This software supports amiibo™. You can use compatible amiibo™ accessories by touching them to the lower screen of your New Nintendo 3DS or New Nintendo 3DS XL system.

Using near-field communication (NFC), amiibo can connect to compatible software to open brand-new ways to interact with your favorite Nintendo games. For more information, please visit Nintendo's official website at http://www.nintendo.com/amiibo.

◆ Only one software's game data can be saved on an amiibo at a time. In order to create new game data on an amiibo that has existing data from another game, you must first delete the existing game data. To delete your game data, open on the HOME Menu and then reset the data under amiibo Settings.
◆ An amiibo can be read by multiple compatible software titles.
◆ If you cannot restore corrupted data for the amiibo, open on the HOME Menu and then reset the data under amiibo Settings.

Using amiibo with a Nintendo 3DS, Nintendo 3DS XL, or Nintendo 2DS system requires the Nintendo 3DS NFC Reader/Writer accessory (sold separately).

Precaution about amiibo

• Just a light touch on the lower screen is enough for the system to detect your amiibo. Do not press the amiibo into the screen or forcefully drag it across the screen.
Information-Sharing Precautions

User-generated content, or UGC, is content created by users, such as messages, Mii™ characters, images, photos, video, audio, etc.

Information-Sharing Precautions

The extent of UGC exchange depends on the software.

• Nintendo bears no responsibility whatsoever for any problems that result from the use of the Internet (for example, the sending of content over the Internet, or the sending or receiving of content with others).
Online Features

This software allows you to connect to the Internet to share pictures of your created rooms via Miiverse™ and social media (page 16) and accept special requests (page 13).

- Refer to your Operations Manual for information about connecting your system to the Internet.
- You must go through the initial setup for Miiverse on your system before you can use Miiverse with this game.

This software supports Nintendo Network.

Nintendo Network is the name of Nintendo’s network service that enables users to enjoy games and other content via the Internet.

Protecting Your Privacy

- To protect your privacy, do not give out personal information, such as last name, phone number, birth date, age, school, e-mail, or home address when communicating with others.
- Friend codes are a part of a system that allows you to play with people
you know. If you exchange friend codes with strangers, there is a risk you could share information with people you do not know or exchange messages that contain offensive language. We therefore recommend that you do not give your friend codes to people you don't know.
You can restrict use of the following features by adjusting the options in Parental Controls.

- Access to this game (as well as other games) can also be restricted through the Software Rating item in Parental Controls.
- Refer to your Operations Manual for information on how to set up Parental Controls.

- Internet Browser
  Restricts use of the Nintendo 3DS Image Share service (page 16).

- Miiverse
  Restricts users from viewing or posting content on Miiverse. When set to Restrict Posting, text and handwritten messages cannot be posted. When set to Restrict Viewing and Posting, text and handwritten messages cannot be posted or viewed.

- Sharing Images / Audio / Video / Long Text Data
  Restricts the sending and receiving of photos using the Nintendo 3DS Image Share service.
In this game, you become an employee of Nook's Homes and create a variety of houses to fulfill the requests of the residents of the town.

**Expanding Your Experience with amiibo Cards**

If you use an Animal Crossing amiibo card, the character depicted on the card will appear in the game.

**Showing Off Your Rooms Online**

If you connect to the Internet, you can post photos of the rooms you've created to Miiverse and your social media channels.
In the game world and in menus, you'll control the game mainly using buttons.

◆ When designing rooms, you'll use the stylus on the Touch Screen.

Saving and Erasing Data

Saving the Game

You can save your progress by writing a daily report at your desk in Nook's Homes (page 13).

Saving While Designing

Press START to save and suspend your progress in the middle of designing a room.

♦ When you finish a design, it will automatically be saved.

Check it out!

Saving to the SD Card

The following data is saved to the SD card:

- Photos taken in the game
- QR Code® patterns (page 13)

Erasing Data

After launching the game, hold A + B + X + Y simultaneously
Please be very careful when deleting data. Deleted data cannot be recovered.

- Data can be lost due to user action, such as repeatedly powering off and on the system or removing a Game Card or SD Card while saving.
- Data loss may also be caused by poor connectivity due to dirt or dust in the system's ports. Please be aware that in these cases data cannot be restored.
Once you accept a request from a resident in town, the design process will begin.

This software is compatible with Animal Crossing amiibo cards.

At Nook's Homes

Use the in-game amiibo phone (page 13) to call up an animal and offer your home-design services or update your client information for that animal.

Making a Call

You can accept requests from the animal featured on the amiibo card.

Updating Client Information

You can write data for the house of the animal that appears on the amiibo card. You can also add furniture obtained from the amiibo card to your catalog.

♦ After writing house data to an amiibo card, you can use it with other games that are compatible with Animal Crossing amiibo cards.
Houses and Facilities

Touch 🌸 and scan an amiibo card while visiting a house or facility to call the animal to join you there (page 14).
Furniture from facilities cannot be added to an amiibo card.

If another player you know has a furniture item that isn't in your catalog, that player can help you get the item. Nice teamwork!

How to Add Furniture to the amiibo Card

On the other player's system:
1. Go to a location with the furniture item you want, and then touch 🌼 and call the animal from the amiibo card to visit.
2. Read the same amiibo card again, and the resident's furniture will be stored on the amiibo card.

- Furniture from facilities cannot be added to an amiibo card.

Finding a Piece of Furniture You Like

How to Add Furniture to Your Catalog

On your own system:
1. Use the amiibo phone, and update client info.
2. Scan the amiibo card of the animal who has saved the furniture item you want.
