WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take 10 to 15 minute breaks every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:
- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

Some people (about 1 in 4000) may have seizures or black outs triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

- Convulsions
- Eye or muscle twitching
- Altered vision
- Involuntary movements
- Loss of awareness
- Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

GETTING STARTED

2. Turn on your Game Boy® Advance. In a few moments, the main Title Screen appears.

TITLE SCREEN - When the A Button or START is pressed, the Main Menu appears.

MAIN MENU

Controls on the Main Menu:

- You can select a game by pressing the « or » on the + Control Pad. The games available are:
  1. Pac-Man Arrangement
  2. Pac-Man
  3. Pac-Attack
  4. Pac-Mania

- Pressing the A Button starts the selected game and displays its Title Screen.
How to Play the Game - The purpose of the game is to have Pac-Man chomp all the Pac-Dots from each maze while avoiding the attacks of the four ghosts. When all the Pac-Dots are eaten up you can proceed to the next round. Defeat the Final Boss and you win the game.

Rules

- If you touch a ghost, Pac-Man will lose one life.
- The game is over when all lives are lost.
- An extra life is awarded by scoring 40,000 points. (This value is set in the initial setting and it can be changed with the Bonus Option.)

Power Pellets - Chomp down on a power pellet and Pac-Man will have the power to eat ghosts. When a power pellet is eaten, the ghosts change to a dark blue color for a short time. The ghosts start flashing before they turn back to their normal color, so watch out! After a ghost has been eaten, its eyes return to the Ghost Home and the ghost is regenerated. The more ghosts Pac-Man eats in succession, the more points they are worth.

Fruit - Fruit appears twice in each maze. Munch these for bonus points. The more mazes you complete, the more the fruit is worth.

Warp Tunnels - Go through these tunnels and you’ll shoot out on the other side of the maze. Use them to slow down a ghost that’s hot on your tail.

Pac-Dash Arrows - Gobble up one of these arrows and Pac-Man gets a huge burst of speed in the direction indicated.

Warp Gate - Go through a gate and Pac-Man is shot to the opposite gate of the same color. These gates can also be used for quick getaways.

Large Ghosts - The large ghosts were given special abilities to catch Pac-Man, so watch out! Some large ghosts can rush like a bull, jump across the maze like a rabbit or even be in two places at the same time.

Power Ups - These items can be used to help Pac-Man advance to the next maze.

- Brown Sack - Holds the ghosts for a short period of time.
- Magic Wand - Turns all the ghosts into presents.
- Pink Power Up - Traps ghosts in a brown sack.
